Dear Commissioner Gleason:

At your recent hearing on net metering, one of our very new members, Paul Koerner, misrepresented himself as being a consultant for the Arizona Solar Energy Association. I want to inform you that Mr. Koerner is not now a consultant for ASEA, nor has he ever been. He is not a representative of ASEA in any manner, and he does not speak for our organization.

ASEA is in the process of carefully reviewing the pros and cons of net metering, and we look forward to speaking at the public meeting when you vote on this issue.

Sincerely,

Vivian Harte  
ASEA Chair
